

Asia LEDS Partnership Grid Renewable Energy Community of Practice

Session 1: Strategic Energy Planning

Date: April 4, 2018

Time: 05:30 – 07:30 am Central European Summer Time (CEST) /
10:30 am – 12:30 pm Bangkok Time

Location: <https://attendee.gotowebinar.com/register/2987358089068410114>

The first interactive online session of the Grid Renewable Energy (GRE) Community of Practice (CoP) will introduce participants to the fundamental building blocks that can help countries establish the policy, regulatory, and investment environment needed to achieve large-scale deployment of RE to meet their low emissions and economic development goals and will also provide a deep dive on strategic energy planning, helping participants become familiar with methods, terminology and potential benefits of energy planning and target setting and how this fits into long-term and cross sectoral planning for low emissions development strategies.

Session Agenda

- Welcome and Introducing the GRE CoP (10 mins) – Nikhil Korsepatil, Asia LEDS Partnership
- Introductions by the GRE CoP country participants (20 mins)
- Introduction to building blocks and deep dive on strategic energy planning (30 mins) – Ilya Chernyakhovskiy, LEDS Global Partnership
- Case study presentation by 1 country representative (15 mins)
- Open discussion by CoP members on challenges and approaches (35 mins)
- Discussion on next steps (10 mins) – Carishma Gokhale – Welch, LEDS Global Partnership
